## Summary

Highly accomplished intelligence professional, instructor, and supervisor with prior TS/SCI clearance (expired August 2020). Demonstrated history of producing, documenting, and delivering high-impact intelligence products, training curricula, and detailed briefings to senior leadership.

## Core Competencies

- **Intelligence Analysis & Targeting:** Expert instructor, analyst, supervisor, and targeteer. Proficient in weaponeering, target analysis, mission planning, and point mensuration.
- **Training and Curriculum Development:** Proven evaluator and trainer, responsible for the creation, management, standardization, and documentation of comprehensive training programs.
- **Intelligence Reporting & Briefing:** Skilled in creating high-level intelligence products. Delivered over 300 AOR-specific threat briefings and produced mission reports recognized as the "Best in the AOR."

## Professional Experience

### **Strategic Targeting Analyst** | USSTRATCOM, Offutt AFB, NE | Oct 2011 – July 2012

- Created and implemented processes for analyzing, reporting, and creating intelligence products.
- Created a Joint Targeting Toolbox checklist for use during strategic analysis.

### **NCOIC Target Analysis Team/Civilian Intelligence Trainer** | 20 Intelligence Squadron, Offutt AFB, NE | April 2009 – Oct 2011

- Led an analysis team of 5 members, leading the development of over 264 targets.
- Managed the production of a portion of the first AFTC target effects study and oversaw over 31 target review boards.
- Created intelligence analysis and dissemination processes and task lists for use throughout the AFTC.
- As OPSEC Manager, created and presented annual OPSEC training to squadron members.

### **Intelligence Training Specialist** | 7 Operations Support Squadron, Dyess AFB, TX | Jan 2008 – March 2009

- Served as a B-1 IFTU INSTRUCTOR, part of a three-person team responsible for the creation of the IFTU course and materials.
- Taught courses and administered tests to B-1 IFTU students and was the lead instructor on two of the initial classes.
- As 7OSS INTERNAL TRAINING MANAGER, created and/or assigned weekly training briefs and tracked individual training requirements.

### **Intelligence Cadre** | 28 Bomb Squadron B-1 Formal Training Unit, Dyess AFB, TX | Oct 2006 – Jan 2008

- Responsible for B-1 initial qualification & upgrade intelligence training for over 100 aircrew members.

- Presented 110 AOR-centric threat briefings and courses for Commanders, instructors, and B-1 students.
- Managed an all-source intelligence library consisting of over 200 documents used in the B-1 schoolhouse.
- Deployment (July 2007 – Jan 2008): Briefed 300 OIF/OEF sorties, with mission reports hailed as the “Best in the AOR”.

**SENIOR ANALYST** | 7 Operations Support Squadron, Dyess AFB, TX | October 2004 – September 2006

- Created and implemented a new intelligence summary process as the sole PACOM analyst.
- Provided 20+ time-sensitive weaponeering solutions during training exercises and delivered intelligence summaries to the 7BW commander.
- Deployment (May 2006 – September 2006): Evaluated 400 documents for release to coalition partners. Managed five intelligence graphics databases and developed 100 NTISR mission planning graphics.

#### Education

- **American Military University** | Sociology major | Jan 2007 – 2010
- **Laramie County Community College** | Computer Science/Engineering major | June 2000 – January 2004

#### Awards and Training

- **Awards:** Two Air Force Achievement medals, Two Meritorious Unit medals, Two Good Conduct medals, One commendation medal
- **Other Training:** Point Mensuration/CGS Initial Qualification, Joint Targeting Toolbox Training, Mobile Training Team Combat Targeting Course, Hardened Target Course, Information Operations Fundamentals, Introduction To Counter Intelligence, Train The Trainer, Airmen Leadership School, Intelligence Operations Technical School.
